SWIM2END SHORTAGES

Hello Change Maker,

Angels for Change is excited to announce our plans to hold our 4th Annual Swim2End Shortages on Sunday, April 28th, 2024 at YMCA Camp Christina in Riverview, Florida. We invite you to join us to increase awareness, raise funds for our mission, and swim to end drug shortages!

The Swim2End Shortages is a community family friendly swim fundraising event. Swimmers and Cheer Squad members will raise needed funds to support patients in a life-saving drug shortage and end shortages before they impact patients.

- **309** active drugs in shortage, a *10-year high*, was reported in 2023
- **99%** of hospital pharmacists reported experiencing drug shortages *daily*
- **85%** of oncologists say they have had to *stop* patient treatments because of a drug shortage

I founded Angels for Change after my daughter faced three drug shortages during her cancer treatment. We are determined to ensure no patient should ever hear, and no doctor should ever say, “your medicines are in shortage”.

Last year, our efforts ensured over 750,000 life-saving treatments for U.S. patients impacted by shortages. Our work was spotlighted on CNN, Fox News, National Journal, NPR, The New York Times, STAT News, The Wall Street Journal, and many others. The world needs people like you and me willing to stand up and save the lives of patients.

Join Angels for Change to end drug shortages for all patients and families in 2024. We can not reach our mission without you!

With gratitude,

Laura Bray
Chief Change Maker
